Phone: 0405 359 825 **Email:** john.xiating@gmail.com **Portfolio:** johnx.co

After travelling across the US, UK, South Asia, and lived in Shanghai, Sydney, and the east coast of Australia. I am falling into Tasmania, a peaceful place to settle and create. I have experience in IT roles such as Business Analyst, Services Operations, Project Management, as well as education and E-learning industry. I am currently in Hobart, Tasmanian. I am on the 500 Student visa (till March 2021). While applying for the 485 Post-Study Work visa in process, a Bridging-A visa has been granted. As I have completed my study, I have full-time working rights in Australia.

Key Attributes

Interpersonal Skills: Effectively collaborated across functions (product, service, and tech team) during two years of IT consulting roles with global corporations in Shanghai, one year of customer IT support role in Australia, and volunteer work in California (USA).

Teaching & Support Skills: Experienced in E-learning industry, gained from two years of working experience as a science teacher for kids, one year of PASS leader (Web & Software Development) / tutor at UTAS, two years of IT Consultant roles in online learning platform italki.com (Shanghai).

Initiative & Teamwork: Co-founded the Multi-Cultural Club, an active university society; Started up the Virtual-study Hub project to help students to study online during the COVID-19 time; Delivered award-winning team projects including GovHack 2020 and Uhack 2019.
